

Activity 9: Give Evidence-Based Candidate Feedback

Duration: 30 minutes **Roles:** Feedback giver, candidate and observer

Scenario

The candidate showed strong analytical reasoning but weak ownership and result evidence.

Goal and output

A two-minute feedback conversation and one actionable answer revision.

Tools and data boundary

Transcript, rubric, feedback planner

Use only supplied de-identified training data. Do not enter live candidate data, employer-confidential information or production API keys.

Detailed step-by-step

Step 1

Select one strength and one improvement area that are supported by transcript evidence.

Step 2

State the observed evidence without labels or personality judgement.

Step 3

Explain how it affected the competency assessment.

Step 4

Offer one specific change and an acceptance test for the next attempt.

Step 5

Invite the candidate to summarise the next action in their own words.

Step 6

Observer checks tone, specificity, fairness and actionability.

Recovery and troubleshooting

If the tool output is missing, generic, biased or ungrounded, preserve the input and output, mark the item as rejected, revise one constraint at a time, and regenerate. If access fails, use the supplied templates and local/demo mode; do not substitute live candidate data.

Completion criterion

A two-minute feedback conversation and one actionable answer revision.
